Subject: LIMS Vendor Demo

Attached is a proposed schedule for the LIMS Vendor Meeting on Monday, May 4. Please note the times that I have asked you to join in on the lab tours. Let me know if you have any questions or comments. I think we may want to have our meeting on Thursday to plan for the Monday meeting.

Robin and John - Marty suggested that you give a short presentation at the beginning about IS and the hardware requirements for the LIMS. Possible topics: hardware preferences, thin vs fat clients, instrument interfacing, etc.

Susan - We will want to tour PTL and Semiworks in the afternoon. Can you please arrange for someone in Semiworks to be a tour guide for 1:45 PM on Monday? Thanks.
